Software	Monthly Cost	Annual Cost	Type
Quantum MX	$79 - $159	$948 - $1,908	Per shop
Quantum Control	$99 - $2,000/user	$1,188 - $24,000/user	Enterprise
Corridor	$150 - $400/user	$1,800 - $4,800/user	Per user
MRO Logix	$300 - $850	$3,600 - $10,200	Tiered
The Sky Guard	$500 - $900/user	$6,000 - $10,800/user	Per user

** Plus implementation costs of $5,000 - $50,000 depending on company size*

5-Year Total Cost of Ownership

Commercial Software

Implementation:	$5,000 - $15,000
Training:	$2,000 - $5,000
Year 1 Subscription:	$6,000 - $12,000
Years 2-5:	$24,000 - $48,000
5-YEAR TOTAL:	**$37,000 - $80,000**

Glass Aero Tracker

License Fee:	$13,000
Migration & Setup:	Included
Training:	Included
Years 2-5:	$0
5-YEAR TOTAL:	**$13,000**

5-Year Savings: $24,000 - $67,000

Why Glass Aero Tracker Is Different

1

Self-Hosted / Data Ownership

Your data stays on YOUR servers in Florida. No dependency on third-party clouds. Full control over backups and security.

2

No Recurring Subscription Fees

One-time license means you own it forever. No monthly bills that increase. No feature downgrades if you stop paying.

3

Built For Your Workflow

Customized for windshield repair operations. 15-stage workflow matches your actual process. Not bloated with features you don't

4

No Vendor Lock-In

Standard PostgreSQL database - easy to migrate. Any developer can modify or extend it. You're not trapped.

Custom Development Replacement Cost

What would it cost to build this from scratch?

Development Source	Hourly Rate	Est. Hours	Total Cost
Offshore (India/Asia)	$40 - $80/hr	435	$17,400 - $34,800
Nearshore (Latin America)	$60 - $120/hr	435	$26,100 - $52,200
U.S. Mid-Market	$100 - $150/hr	435	$43,500 - $65,250
U.S. Senior Developer	$150 - $220/hr	435	$65,250 - $95,700

Replacement Cost: $17,400 - $95,700

Your Investment: $13,000 (14% - 75% of replacement cost)

Your Investment

$13,000

One-Time License Fee

Includes:

- ✓ Full source code and database
- ✓ Migration to your ESXi servers
- ✓ Initial configuration and setup
- ✓ User training session
- ✓ 30 days post-migration support

Optional Ongoing Support: $75/hour as needed (bug fixes, enhancements, modifications)

Next Steps

1

Schedule Migration

Coordinate with your IT team on ESXi VM setup and network configuration

2

Database Transfer

Export current data and import to your Florida servers

3

Configuration

Update connection settings, DNS, SSL certificates

4

Testing

Verify all features work correctly in new environment

5

Training

Walk through the system with your team

6

Go Live

Switch over to production use
